## FINANCIAL PROTECTION

### For you, your spouse and your children

At Allstate Benefits, we're all about protecting our customers from life's uncertainties. And let's face it — there are a lot of them.

### Planning financial security

A group life insurance policy is one of the greatest gifts you can give, but being prepared doesn't stop there. Injury or illness can result in costly long-term care expenses that can quickly deplete the funds you've built for retirement. And you never know what other financial emergencies life may bring. Being protected means being prepared for the unexpected.

### We have you covered in more ways than one

With Group Whole Life Complete (Group Whole Life Insurance with Accelerated Death Benefit for Long Term Care Rider), **you can protect your finances and your family in three different ways with one life insurance product.**

- 1 Traditional whole life insurance, which pays a cash benefit to your beneficiaries when you die
- 2 Access to the death benefit to help pay for any necessary long-term care
- 3 Accumulated cash value, which can be accessed when it's needed

## Here's how it works

You enroll in Group Whole Life Complete through your employer. **Premium payments are conveniently deducted from your paycheck automatically.**

### Death

When you pass away, your beneficiaries receive the death benefit amount as a lump-sum cash payment

### Long-Term Care

If you require long-term care at some point, you can begin to draw funds from the death benefit to receive a monthly payment that may be used for the cost of that care

### Financial Emergency

If you have a financial emergency and need cash, you can access funds from the cash balance

## Accelerated Death Benefit for Long Term Care Rider

### Realities of Expenses

You know long-term care is expensive, but there are many types of long-term care and a wide range of associated expenses. **The most common type of long-term care is provided by a professional health aide in your own home, at a cost of about \$20 per hour.**<sup>4</sup> Benefits provided by the rider can help cover those costs – and in most cases, at a much lower premium than traditional stand-alone long-term care insurance.

### Advantages of Coverage

- Rates are based on your age at the coverage effective date and are guaranteed not to change
- No separate evidence of insurability required for the rider
- Can be issued to employees and spouses up to age 70
- Coverage is portable, meaning you can keep it after you retire or leave your employer

No matter what path life takes you on, Group Whole Life Complete can help make the journey a little easier.

The examples above detail fictional thought processes and needs; your individual needs and reasons for coverage may vary.
